Abbas Kheiraldeen

Summary	Over the past three years, I've worked on a wide range of projects—both independently and as part of teams—delivering high-quality web and mobile applications that are clean, efficient, and built t last.			
Experience	Al Maaref Univesity Full stack Software Engined	er (Mobile/Web)		February 2024 - Present Beirut
	Designed and developed two mobile apps for the University Management System (UMS), enabling students, instructors, and staff to manage daily activities on the go. Maintained the electronic attendance app and contributed to web-based UMS programming.			
	Freelancer Fullstack Software Engineer (Mobile/Web)			October 2022 - Present
	Transformed ideas into high quality scalable web and mobile apps for clients across diverse industries in multiple countries			
	Areeba Software Development Intern < <u>https://www.areeba.com/</u>			March 2023 - June 2023 Beirut
	Redesigned the company website into a sleek, fully responsive platform optimized for all screen sizes and devices.			
	Xcar Team Lead Developer ♂ <u>https://xcar.ae/en</u>			June 2024 - March 2025 UAE
	🔗 <u>https://xcar.ae/en</u>
